BIOGRAPHY

PINELLA DISTEFANO introduces at the Galerie des Lyons her latest creations where ...

... ART MEETS JEWELLERY !

Pinella is always on the move, spending her time between Rome and Milan where she lives and works and draws her inspiration during her stays in her seaside properties of Taormina and Salento.

Its jewels are hand craved like sculptures, each piece is unique, made in bronze* by the technique of lost wax. Lost wax is an antique precision casting process to obtain a metal sculpture (such as silver, gold, bronze, copper, aluminum) from a wax model.

The story of these creations is the magical moment of time that stops on a detail. When Pinella started creating her own jewelry, she realized from the beginning that what she was feeling was materializing into something she only saw once the work was done.

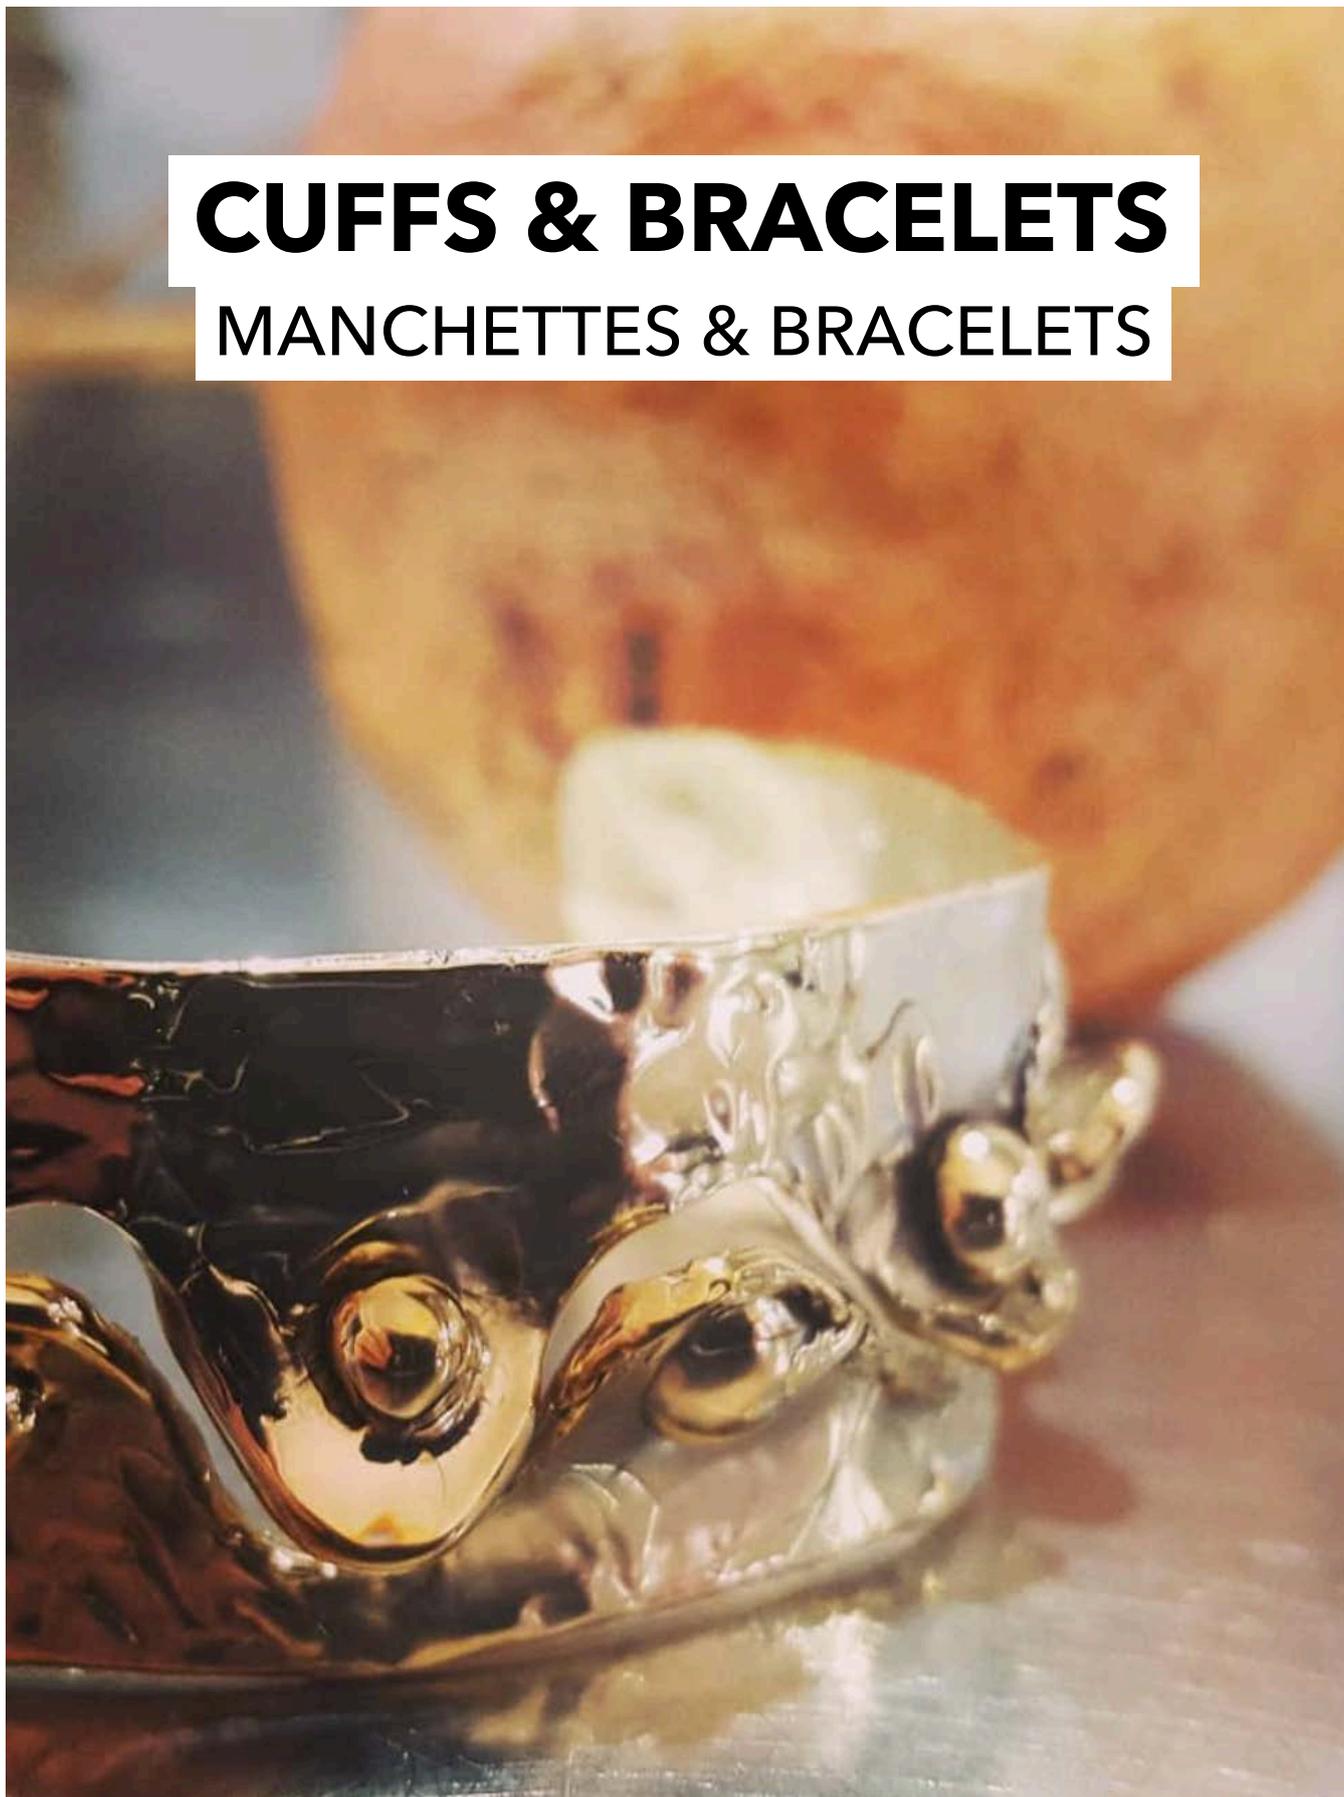

In his creations we find the strength, the tenacity, the passion, the greatness and the beauty of Sicily, her original land with its contradictions, truths and imperfections... The energy of Mount Etna, the vastness of the sea.

"I never project what I want to create, I free my mind, my heart, my hands. And so, like leaven, every time I create, something happens that pushes me to create again. And I find myself making jewelry. I did not choose it, my initial job is not this one, I have chosen the profession of accountant, for thirty years now, but, probably, it is no longer the time of choices but of passions"

**Gold or silver designs can be ordered on request.*
