BIOGRAPHY

[ENG] Vincent Mazenauer is a Swiss designer born in 1993. He grew up between French-speaking Switzerland, the Netherlands and did part of his studies in France at La Rochelle. Residing in Lausanne, he launches in 2019 his project of high-end design, contemporary luxury combined with ancestral techniques of materials and in limited edition for some creations. During more than a year, he refined his project towards a historical, cultural, engineering and technical prowess craft and conceptual universe.

The first design, the Mineral armchair, will be released in 2020. The rest of his creations will remain on this line, using noble and precious materials as well as a combination and exploration of ancient and contemporary spaces and forms. Research and development is carried out on materials before each design in order to obtain the best possible finish. Bronze, an antique material, in combination with a contemporary line, dominates his latest creations.

Sensitive to the concerns of sourcing materials and ethics, Vincent Mazenauer is constantly looking for the best means of production to limit the environmental impact. He manufactures his creations only in Europe (Switzerland, France and Portugal).

[FR] Vincent Mazenauer est un designer Suisse né en 1993. Il a grandi entre la Suisse Romande, les Pays-Bas et fait une partie de ses études en France à La Rochelle. Résidant à Lausanne, il se lance en 2019 dans son projet de mobilier haut de gamme, luxe contemporain allié aux techniques ancestrales des matériaux et en édition limitée pour certaines créations. Durant plus d'une année, il affina son projet vers un univers artisanal et conceptuel historique, culturel et de prouesse d'ingénierie et de technicité.

Le premier design, le fauteuil Mineral, sortira en 2020. Le reste de ses créations demeureront sur cette ligne, en utilisant des matériaux nobles et précieux ainsi qu'une combinaison et exploration d'espaces et de formes antiques et contemporains. Une recherche et un développement sont effectués sur les matériaux avant chaque conception afin d'obtenir la meilleure finition possible. Le bronze, matériau ancien, en association avec une ligne contemporaine, domine ses dernières créations. Il élabore également des créations uniques sur mesure au point de vue des matériaux et des dimensions.

Sensible aux soucis d'approvisionnement des matériaux et à l'éthique, Vincent Mazenauer recherche constamment les meilleurs moyens de production pour limiter l'impact environnemental. Il confectionne ses créations uniquement en Europe (Suisse, France et Portugal).
